Tenn. On the 1st day of December

New Boiler Installed.

The Johnson City Steam Laundry
has added considerable new machinery
and is now installing a new 100-horse-
power boiler. This additional machin-
ery is made necessary by the increased
demands upon the plant. It is now
doing a large out-of-town business and
the patronage from this source is con-
stantly increasing. It is doing the
business for Johnson City and in a
satisfactory manner.

Lumber Plant Burned.

Thursday night about ten o'clock the
large assorting warehouse of the Wm.
Ritter Lumber Co. on Buffalo street
was destroyed by fire. About 300,000
feet of lumber was consumed and sev-
eral box cars belonging to the South-
ern. The caboose of the Embreville
local standing upon the siding was
burned and a chair car of the E. T. &
W. N. C. road, housed in the shed,
was lost.

Will Double Track.

The Southern is double-tracking
from Embreville Junction through
Johnson City to the Cranberry Fur-
nace, in Carnegie a distance of over
three miles. This additional track is
made necessary by the increased traf-
fic between these points and will be used
as an extension of the Johnson City
Southern to this city. There is no
longer any doubt that the Southern
means to build the projected line from
Embreville to Marion, N. C. The
line is being covered with workmen
as rapidly as possible and the contrac-
tors are offering attractive prices for
labor.

South & Western Right-of-Way.

Summonses have been issued in a
condemnation proceeding by which the
South & Western is endeavoring to
open a right of way along the Toe river
in Yancey County. Resistance has
been made to the right of way along a
strip of land extending for a quarter of
a mile beside the Toe, that is absolute-
ly necessary to the construction of the
road. The action is against the Amer-
ican Cigar Box Lumber Company,
William T. Uptegrove, and the heirs
of the late William T. Johnston. More
than fifty summonses have been issued
returnable here December 15.—Ashe-
ville telegram in Knoxville Sentinel.

Rights of Way Wanted.

The S. & W. is still undecided as to
which route it will use through Wash-
ington County but a decision is expect-
ed within three months. The Lime-
stone route has been surveyed and a
new survey is now being made over the
old Three C's route. Rights of way
are to be asked for on both lines and
when all are secured the officials will
decide upon the final location of the
road. Hon. H. C. Jackson will assist
in securing rights of way via Lime-
stone and the Commercial Club will
appoint a committee to act with S. &
W. officials on the line via this city.
The company is taking deeds for a 100-
foot right of way along the entire
line.

Johnson City Bar Association.

The Johnson City Bar Association
was organized last Tuesday in the
office of A. R. Johnson. Practically
all the lawyers of the city were present.
A. R. Johnson was elected chairman
and J. R. Gardner, Secretary. After
the preliminaries were arranged the
following officers were elected: S. C.
Williams, President; J. R. Gardner,
Vice-President; S. S. Crumley, Secre-
tary; T. A. Cox, Treasurer. D. A.
Vines, S. E. Miller, E. J. Vaught and
A. R. Johnson were appointed a com-
mittee on constitution and by-laws.
The next meeting will be held at the
office of Dr. H. H. Carr at 9 o'clock on
the morning of December 26.

JOHNSON CITY HAS A CHANCE.

It is Believed Here the South and Western
Will Build Through That Place.

There is good news in the air for
Johnson City. It is now generally ad-
mitted by the South and Western offi-
cials in Bristol that the road will run
through that town. For some time
past it has been feared by the people
of Johnson City that the town would
be cut out, the railroad running
through a portion of Greene county
near Limestone on its way from Kings-
port to Erwin, and that the present
line between Johnson City and Erwin
would be only a branch.

To all appearances, the only pre-
requisite for taking the road through
Johnson City is that the people living
between that town and Kingsport sell
the road the right of way at a reason-
able figure. With the other route via
Limestone available, it can hardly be
questioned that the prices on the rights
of way will be made an inducement to
the road.

Mr. J. M. Ferguson, chief clerk to
Mr. M. J. Caples, general manager of
the S. & W., told a Herald representa-
tive yesterday that there was little
doubt in his mind that the road would
go through Johnson City provided suf-
ficient inducements were given. The
other leading officials of the road
were not in Bristol yesterday.—Bristol
Herald.

MALONE MEN

In Shelby Climb into Patterson Band
Wagon.

Memphis, Tenn., Dec. 12.—An in-
tensely exciting session of the County
Democratic Executive Committee was
held today. The features of the meet-
ing were the adoption of resolutions
fixing the date for the county primary
and the selection of delegates to the
gubernatorial convention on March 15,
and an ovation to M. R. Patterson.
Among the most enthusiastic of those
who led the demonstration was John
T. Walsh, who mounted a chair and
waving his hat, shouted for the Mem-
phis candidate for gubernatorial hon-
ors.

N. C. Perkins, a Malone follower,
introduced the resolution providing
for selection of gubernatorial delegates
at the same time county officers are
chosen.

"I move that the nomination of Ham
Patterson be made unanimous," said
John T. Walsh. Walsh mounted a
chair as Mr. Patterson came to the
front and declared that Mr. Patterson
was the finest boy Shelby county had
ever produced.

Instantly the committee meeting be-
came a riot.

H. T. Bruce climbed into a chair and
proclaimed his friendship for the Pat-
terson movement.

The Walsh following broke from Cox
to Patterson in one of the most excit-
ing moments that ever came to a Shel-
by committee. Amid a babel of voices
of those who had stamped to Pat-
terson, T. K. Riddick mounted the chair-
man's desk and moved that the rules
be suspended for the purpose of hear-
ing an address from Gen. M. R. Pat-
terson.

Gen. Patterson said that he was
grateful for the expression of friend-
ship shown him by the meeting. He
said that he could not face the democ-
racy of the state unless he had Shelby
county at his back, and that with that
county behind him he would carry the
state.

The friends of Patterson are elated
over the spontaneous ovation, and are
freely predicting that the man from
Shelby will be the next governor.
They regard this as the pivotal county
and that the action of the executive
committee surely points to the result
of the primary.

Gen. Patterson left for Nashville to-
night to fill dates in Wilson county,
and confidently expects victory there
Saturday.
